2003 04 01

Please refer to our earlier circular letter of even no. dated 7 September 2001 relating to use of polycarbonate bottles of more than 5 litres and use of HDPE containers- Based on communication received from Ministry of Health & Family Welfare letter No.P.15025/58/2001-PH(F) dated 4 September 2001 the following was communicated:

“The existing bottles made of polycarbonate & HDPE used for bulk packaging more than 5 litres which are refilled may be phased out within 2 years time under BIS monitoring.”

All ROs/ BOs are requested to ensure that polycarbonate bottles and HDPE containers more than 5 litres are not used after 31 July 2003.
