Course Objectives

ISO 9001:2015 helps ensure that customers get consistent, good quality products and services, which in turn brings many business benefits. ISO 9001 can be used by any organization, large or small, regardless of its field of activity. In fact, there are over one million companies and organizations in over 170 countries certified to ISO 9001. The potential benefits to an organization of implementing a quality management system based on this international standard are:

- a) the ability to consistently provide products and services that meet customer and applicable statutory and regulatory requirements;
- b) facilitating opportunities to enhance customer satisfaction;
- c) addressing risks and opportunities associated with its context and objectives;
- d) the ability to demonstrate conformity to specified quality management system requirements

Who Should Attend

The organizations which are implementing (or are in the process of implementing) QUALITY MANAGEMENT SYSTEMS (QMS) as per IS/ISO 9001 in their organizations require their executive at middle level or senior level trained in this area, preferably Lead Auditor for effective implementation of the system.
