Phone No 0120-4670229, 232

Dear Sir/Madam,

**Kind Attn : Quality Manager/ Technical Manager/ Laboratory Personnel/Internal Auditors**

As you are already aware, in the *global* scenario of Conformity Assessment, Accreditation is playing important role in facilitating trade and commerce within and between all countries of the world. Accreditation bridges the gap in the testing capacity between different countries and help in bridging the trade barrier. It advances the national economy, benefit the health, safety and welfare of the public, and assist and protect consumers. The requirements of Accreditation of Laboratories in every country require all the laboratories undergoing accreditation to report the results that are comparable and are acceptable. This is to say - ‘**tested once, accepted everywhere**’.

**Bureau of Indian Standards (BIS)** is the National Standard Body of India charged with the responsibility of capacity building in the nation by way of providing quality training to industries, corporates, consumers and other stakeholders through its training wing that is **National Institute of Training for Standardization (NITS)** located at Noida. Among the gamut of training programme we have training programme on Laboratory Quality Management System and Internal Audit as per ISO/IEC/IS 17025:2017 which fulfils the need for laboratories seeking accreditation to NABL. We have been conducting the said training programme through class room sessions. However, **due to present condition of COVID-19 outbreak and Government guidelines**, it will not be possible for us to conduct the conventional class room training. Besides the instructions of Govt, of India on social distancing also need to be adhered to. However, keeping in view the request from laboratories across India, it has been considered prudent to conduct the **2-day Training Programme on “Measurement Uncertainty” ONLINE** during **15-16 October 2020**.

**After attending the training program, the participant will be able to:**

1. Know the factors responsible for measurement uncertainties (MU).
2. Identify these factors for your testing/ calibration.
3. Carry out the statistical calculations for evaluation of the MU.

The lectures are given by expert faculties, who have a large experience in planning, conducting and evaluation MU. **Certificate of participation would also be provided.**

**You are requested to nominate your Laboratory Personnel/Internal Auditors for the above programme.** The Training Programme is designed for 20-25 participants; therefore, seats would be available for those registering with payment in chronological order.

**Limited seats are available and shall be offered on first come first served basis.**

In case you are interested to join the said training programme, please confirm your nomination by sending us the scanned copy of your **Nomination form (Copy attached)** along with proof of payment. Our bank details and mode of payment are given in the nomination form itself.

**How to Apply:** Download attached Nomination form or from BIS website at [www.bis.gov.in](http://www.bis.gov.in) under training head and submit the duly filled nomination form along with requisite fee to NITS through email to [nits@bis.gov.in](mailto:nits@bis.gov.in)
